

Pizza making

We didn't have the right ingredients so we improvised.

Ingredients:

- Four pita breads
- Passata
- Garlic
- Mixed herbs
- Cheese

Method:

- We lightly toasted the pita breads
- We mixed the passata, garlic and mixed herbs
- We grated the cheese
- We then built our pizza by putting the passata mix onto the pita breads followed by the cheese
- We put them under the grill for a few minutes

We ate them and they were yummy.
