Mr Oldroyd's Assembly

Friday 19th June 2020

A Story of Two Houses.

[Click here](#) for Mr Oldroyd's introduction.

[Click here](#) for the story that I mentioned in the introduction.

Ask yourselves these questions:

- Which houses were blown down?
 - Which house stood firm?
- Why couldn't the wolf blow down the house made of bricks?

[Click here](#) for Mr Oldroyd's next video.

There are many different types of houses.
Some quite familiar:

And some more unusual in design:

Here are some other different designs:

Let's consider how brick houses are built.

What's the first thing that the builders do when they build a house?

(Answer: they dig foundations.)

Why do the builders spend a long time digging deep foundations before they build the walls?

(Answer: without foundations, the walls would fall down.)

The next slide shows images of houses being built.

This Week's Awards.

Well done for yet another amazing week of work from all of you.

Prayer.

Dear God,

Help us to live our lives well today and everyday.
Help us to fill our minds with things that are true and right.
Help us to look for things in life that are pure and lovely,
And to see in others the things that are good and fine.
Help us today to put into practice the things that we have learned,
And know to be right.

Amen.

Today's song.

Something to lift the mood for those returning over the next two weeks;

Please [click here](#) and enjoy.
