SCHOOL

Mr Oldroyd's Assembly

Monday 23rd November 2020

Curious.

The current Pupil Profile is Curious.

After Mr Behan's and 6R's assembly on Friday, I have chosen to continue with the science theme, although there is no Curious George!

Can you remember who Thomas Edison was?

He was a very important inventor.

Look at the next slide...

There are a number of pictures of some very important and useful inventions...

Please watch the video...

Time for Reflection.

Thomas Edison was not an easy person to get on with, either at school or in his personal life. But under his spiky personality lay real genius. He was teased and mocked throughout his life, but persevered and followed his beliefs and curiosity.

Think about how hard Edison's life was: would we be compassionate to a difficult genius if he or she was our friend?

Faith and belief in one's own principles is very important, but it is also important that we listen to the views of other people that differ from our own, and do not react negatively to them but try to respond positively.

Prayer.

Dear Lord,

Help us to have the strength and perseverance to reach our goals.

Let us remember the people who make our lives what they are today.

Amen
