

Welcome to Year Three's Assembly on Earth Day

Assembly introduction

Earth Day for Kids!

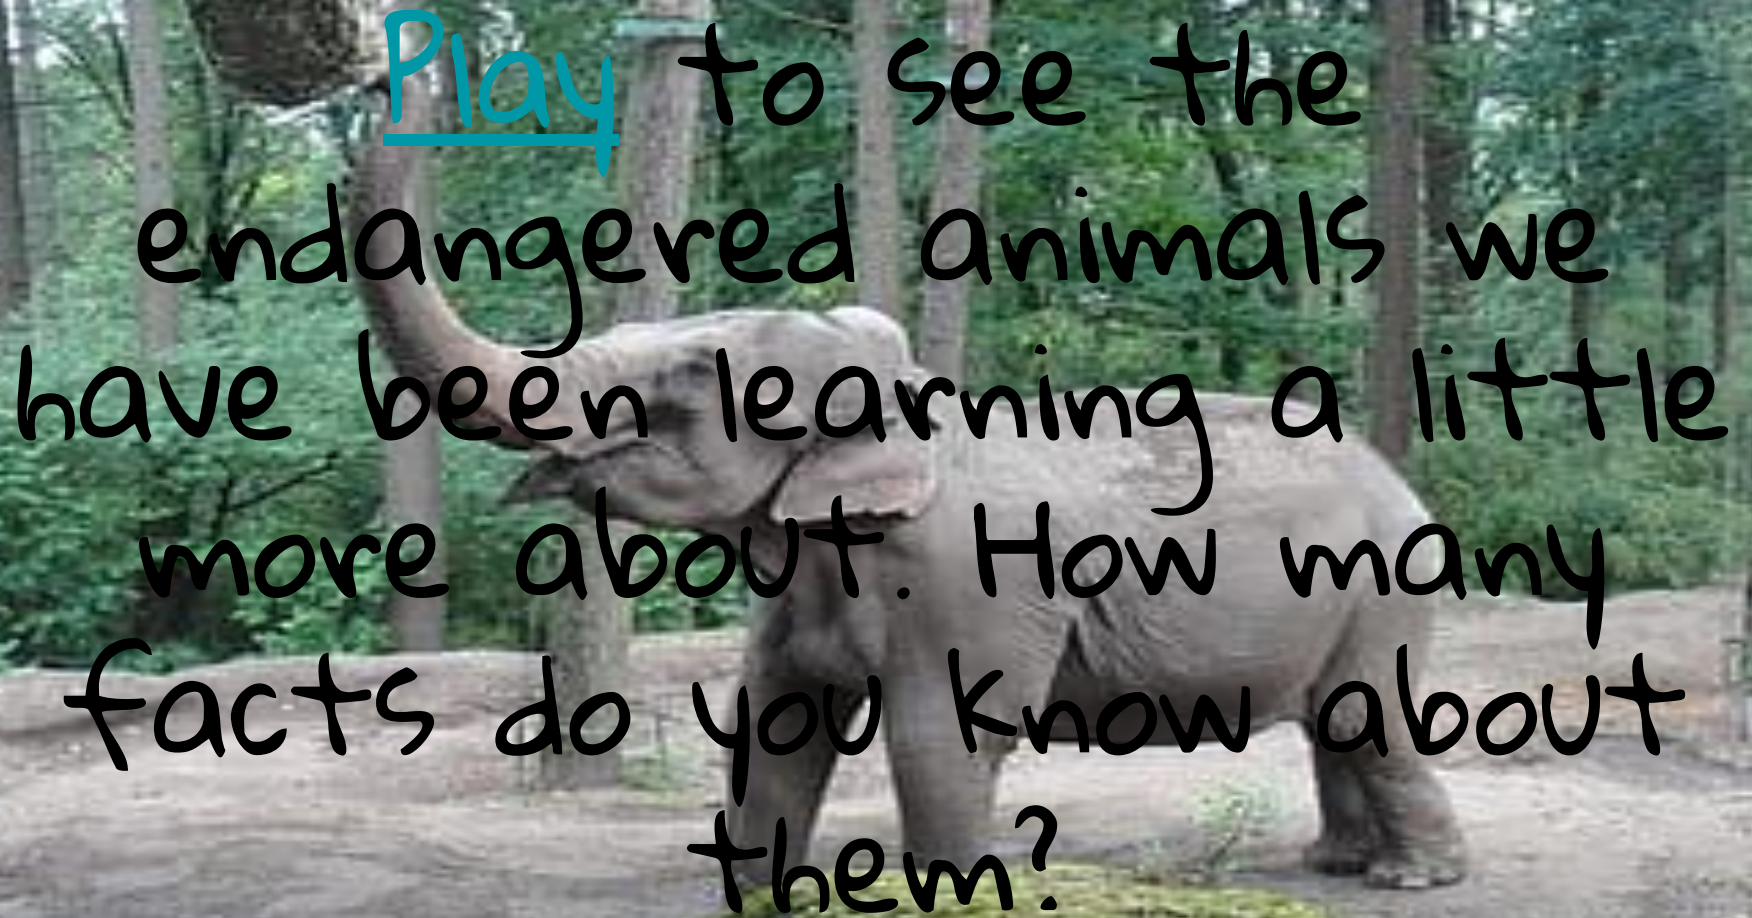

We hope you enjoyed the little animations. What did you learn from them?

What do you think you could do to help Mother Earth on a daily basis?

In Junior Prep we all had class discussions and wrote down three things we felt we could do to help our environment. Here are some of them.

An elephant is shown in a zoo enclosure, reaching up with its trunk towards a basket of hay hanging from a tree. The background consists of tall trees and a fence. The text is overlaid on the image in a handwritten style.

Play to see the endangered animals we have been learning a little more about. How many facts do you know about them?

Reflection on Endangered Animals

- Did you know all the animals we have researched are endangered?
- What can you do to help protect an endangered animal?
 - Why is it important to save endangered animals?
 - How can we help save endangered animals?
- Do you know how many endangered animals there are in the world?
- There is a very famous natural historian who is always fighting to protect endangered animals, can you name him?
- He has made a very important documentary to help us become more aware of how we can help.

A portrait of Sir David Attenborough, an elderly man with white hair and blue eyes, wearing a dark blue suit jacket over a light-colored collared shirt. He is looking directly at the camera with a slight smile. The background is a lush green forest with sunlight filtering through the trees, creating a warm, golden glow.

NETFLIX

**OFFICIAL
TRAILER**

We can all do things to help keep the Earth in good condition for future generations of humans and animals.

We may feel that the things we do to help are small, but all the small things added together make a huge difference to the world.

Remember, Earth is a precious gift and we only have this planet, so do what you can to keep it alive.

We hope you enjoyed our assembly. Please click here for the [Awards](#).

Please put your hands together for the prayer.

Lord God, Who made the earth and every living creature,

help us to treat with compassion

the animals entrusted to our care,

that they may not suffer from our neglect

nor become victims of any cruelty;

and grant that in caring for them

we may find a deeper understanding of Your love

for creation, through Jesus Christ, our Lord.

Amen.
