

# Meet The Joneses

Mr & Mrs Jones have three children: Tom the youngest, Georgia in the middle and Fiona the eldest.

Mr Jones is four years older than Mrs Jones. Their ages are both even numbers greater than 40.

Fiona is half the age of her mother.

Tom is a quarter of the age of his father and his age is a prime number below 20

Georgia is six years older than Tom and her age is also a prime number below 20.

How old is each member of the Jones family?
