## GUIDE to MEASURING \& CORRELATION CHART

We strongly recommend that you use the sizing set at the school, as this is the most accurate way to establish the sizes needed. The right fit helps your child to feel comfortable and look smart.
If you cannot use the sizing set at the school, we recommend that you take accurate measurements of your child using the illustrations below, and place your order based on your measurements.
All of our blazers/jackets have a 4" allowance to allow for under garments, so you do not need to go up a size. They also come with an adjustable Smartsleeve that adds $1.5^{\prime \prime}$ to the sleeve length. This is the link that shows a short video on how to adjust the sleeves on your blazer https://www.schoolcolours.co.uk/smartsleeve

Some of our skirts/trousers come with an elasticated adjuster in the waistband. The waist is the natural waist, not the hip.

The sleeve length for smaller sizes of knitwear (22"-34") is designed for primary age children, so senior school pupils who need these sizes, should choose a size up take into consideration the longer sleeve length needed.

## TIPS FOR MEASURING YOUR CHILD

- Hats - measure around the head where the hat will fit.
- Shirts- measure the neck with two fingers inside tape measure.
- Chest - measure the full chest, loosely.
- Waist - measure with 2 fingers inside the tape measure. Skirts and trousers may have an elasticated adjuster in the waistband allowing it to be taken in. See description on correlation chart.
- Trouser length - this is the inside leg length, better done with shoes on.
- Skirt/Kilt length - this includes the waistband if there is one.

## HOW TO USE THE CORRELATION CHART

Please use the measured chest/waist size on the top of the table and follow the column down for other products that should fit based on this measurement.

| MEASURED CHEST SIZES INCHES | 22 | 24 | 26 | 28 | 30 | 32 | 34 | 36 | 38 |
