Part 5: Middle and Upper Prep Activities

INTRODUCTION

Our co-curricular opportunities provide avenues for children to **explore their passions, cultivate talents, and develop vital life skills**. By participating in these activities, children not only expand their **knowledge and skills** but also **build friendships, develop leadership qualities, and foster a sense of belonging and school pride**. Our co-curricular timetable promotes creativity, critical thinking, and teamwork, preparing children for success in their academic endeavours and beyond.

For our co-curricular offering, a Google form will be sent each term. If you need help with your bookings, please contact Mrs Wood: amw@barrowhills.org.

In addition to our co-curricular timetable, we offer individual and group activities lessons and music lessons provided by peripatetic teaching staff. Details of these are found in the External Activities Booklet found on your Parent Portal. We ask that you arrange the starting of any external club with the appropriate coach/teacher, contact details are provided in the booklet.

PRE-PREP

Construction (Rec - Year 2)

Construction offers an exciting opportunity for Reception and Year 1 children to explore their creativity through hands-on building activities. Each week, children will listen to a story and then take on a construction challenge inspired by the tale. Using a variety of materials such as Lego, Mobilo, Duplo, wooden blocks, and junk modelling, the children will bring the story to life through their imaginative constructions. This club will encourage problem-solving, teamwork, and the development of fine motor skills, all while having fun with friends.

Larks Choir (Year 1 - Year 2)

The Larks Choir is a vibrant choir where children explore the joy of singing through playful activities and simple songs. The choir focuses on building confidence, developing listening skills, and fostering teamwork. Through rehearsals and performances, young singers not only learn musical skills but also cultivate a lifelong appreciation for music and the arts in a supportive and nurturing environment.

Gymnastics (Year 1 - Year 2)

Gymnastics is an exciting activity where children can develop strength, coordination, and agility using trampettes and springboards. Through engaging routines that include jumps, flips, and balance exercises, students will build confidence and teamwork.

PREP AND UPPER PREP

Nightingales Choir (Year 3 - 4)

The Nightingales Choir offers a joyful and supportive space for children to explore the magic of music and singing. Through a blend of activities, vocal exercises, and fun songs, choir members discover the joy of harmonising and making music together. The choir focuses on building confidence, developing listening skills, and fostering a sense of teamwork and camaraderie. Through rehearsals and performances, children not only learn essential musical skills but also cultivate a lifelong appreciation for music and the arts.

Chess (Year 3 - 8)

Chess is an exciting opportunity for young minds to delve into this strategic world. The club provides a supportive environment for children to learn and improve their chess skills. They develop critical thinking, problem-solving, and decision-making abilities. Whether beginners or experienced players, all are welcome to join and explore the fascinating world of chess in a fun and stimulating setting.

Mountain Bike (Year 5 - 8)

We will enjoy some cycling action in the school's 33 acres of woodland and into Mare Hill Common, just over the road. An off-road bike and helmet are essential. We now have bike racks should children wish to leave their bikes at school. Suitable for children who can ride a bike who now wish to learn or practise some gravel and mountain bike skills. Adventurous!

Art Scholarship (Year 5 - 8)

Art scholarship is open for children with a real interest in art and who wish to explore developing their own portfolio. This experience would be ideal for those aspiring to consider a senior school art scholarship application.

PREP AND UPPER PREP

Recorder (Year 4 - 5)

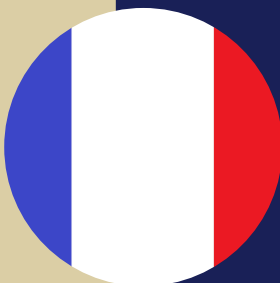

Recorder club is a great choice for children in Year 4, with or without previous experience of playing. Easy to learn, the recorder is a super instrument to help children learn to read music, explore rhythm and pitch and practice posture and performance.

Rugby (Year 5 - 8)

Rugby provides an excellent opportunity for children to enhance their rugby skills in an enjoyable and supportive environment. The program includes a variety of engaging activities specifically designed to develop ball-handling, kicking, and defensive abilities.

French Common Entrance Preparation (Year 7 - 8)

Prepare for success with these additional French CE sessions. Designed to help children build confidence and excel, this comprehensive program ensures that all the key areas are covered.

Art (Year 3 - 8)

Art club is open to all those keen artists who love being creative. Maybe they would like more time to complete their class work or to start a personal project. We may also have group projects on the go or a themed creative activity.

DT (Year 3 - 4)

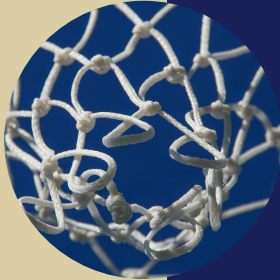

An exciting opportunity to learn how to use tools to complete a number of fun, mini projects working with a range of materials.

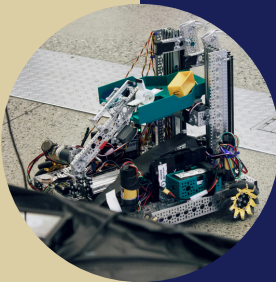

PREP AND UPPER PREP

Netball (Year 5 - 8)

Netball provides fun and inclusive approach to the sport and is open to all levels of ability to strengthen skills and confidence. This session allows children to develop hand-eye coordination, spacial awareness, reaction time, fitness and all important teamwork and friendship.

VEX Robotics (Year 5 - 8)

The VEX Robotics Club gives pupils in Years 5–8 the chance to design, build, and program robots using the VEX IQ system. Working in teams, pupils develop problem-solving, coding, and engineering skills while preparing for fun challenges and competitions. The club encourages creativity, teamwork, and resilience as pupils bring their ideas to life in the robotics arena.

Trivium (Year 4 - 8)

Trivium returns to reach higher with standards of debate and public speaking. We use fun themes to explore knowledge, dailectic and rhetoric. A real confidence builder.

Lego (Year 5 - 8)

Lego enables children to come together to explore creativity, engineering, and teamwork through the beloved medium of Lego bricks. The club offers a range of engaging activities, including building challenges, collaborative projects, and themed competitions. Children have the opportunity to unleash their imaginations, problem-solving skills, and engineering prowess as they construct structures, vehicles, and scenes from their imagination or popular themes. Whether building towering skyscrapers, intricate robots, or fantastical worlds, the Lego encourages innovation, collaboration, and endless fun with the iconic plastic bricks.

PREP AND UPPER PREP

Bridewell Choir (Year 5 - 8)

The auditioned Bridewell Choir offers a prestigious opportunity for singers to showcase their talents in more formal and musically rich environment. Auditions ensure a high standard of vocal proficiency and commitment among members. Rehearsals focus on intricate vocal techniques, polished ensemble performance, and interpreting traditional repertoire with depth. Through rigorous practice and dedication, choir members refine their vocal skills, and musicality. The choir's repertoire often includes traditional hymns, choral anthems, and sacred compositions, enriching worship services and special events.

Cross-Country (Year 3 - 8)

We will enjoy cross-country every Monday morning, after half term. It promises great fitness training and a high energy start to the week. Whether beginners or experienced runners, all are welcome to join and get the week off to a great start!

Top Trumps (Year 3 - 8)

Year 3–6 children can battle it out with a huge choice of Top Trumps decks. Test knowledge, sharpen strategy, and see if you can become the ultimate Top Trumps champion. A great way to make new friends and enjoy some friendly competition during lunch!

Stock Market (Year 6 - 8)

Stock Market Club is available to Year 6, 7 and 8s. In this lively club, pupils learn the basics of investing by running their own mock portfolios. Learners use real market data, track companies, make “trades,” and see how their investment decisions play out over time. The focus is on teamwork, strategic thinking, and having fun while gaining a basic understanding of finance and investing.

TESTIMONIALS

“I really enjoy attending the debating club because it enables me to build a strong and constructive argument.”

(Year 6 child)

“I have made many friends across different classes and year groups in Newspaper Club.” (Year 4 child)

“I have worked hard on my handwriting and the teachers have seen big improvements.”

(Year 2 child)
