# Introduction

Our co-curricular opportunities provide avenues for children to explore their passions, cultivate talents, and develop vital life skills. By participating in these activities, children not only expand their knowledge and skills but also build friendships, develop leadership qualities, and foster a sense of belonging and school pride. Our co-curricular timetable promotes creativity, critical thinking, and teamwork, preparing children for success in their academic endeavours and beyond.

For our co-curricular offering, a Google form will be sent each term. If you need help with your bookings, please contact **Mrs Wood: [amw@barrowhills.org](mailto:amw@barrowhills.org)**.

In addition to our co-curricular timetable, we offer individual and group activities lessons and music lessons provided by peripatetic teaching staff. Details of these are found in the External Activities Booklet found on your Parent Portal. We ask that you arrange the starting of any external club with the appropriate coach/teacher, contact details are provided in the booklet.

## **Chess (Year 1 - 2)**

Chess is an exciting opportunity for young minds to delve into this strategic world. The club provides a supportive environment for children to learn and improve their chess skills. They develop critical thinking, problem-solving, and decision-making abilities.

## **Drawing Club (Rec - Year 2)**

Children can explore pencils, crayons and pastels, draw whatever they like and have fun with friends. It doesn't matter what their ability is; everyone is welcome to join in, be creative and simply enjoy themselves.

## **Imagination Station (Rec - Year 2)**

Let your imagination soar with small world figures, playdough, storytelling, creative play, and so much more! In this hands-on club, children will build magical worlds, create their own characters, and bring stories to life through imaginative role-play and sensory activities.

## **Larks Choir (Year 1 - 2)**

The Larks Choir is a vibrant choir where children explore the joy of singing through playful activities and simple songs. The choir focuses on building confidence, developing listening skills, and fostering teamwork. Through rehearsals and performances, young singers not only learn musical skills but also cultivate a lifelong appreciation for music and the arts in a supportive and nurturing environment.

## **Lego (Year 1 - 2)**

Lego brings children together to explore creativity, engineering and teamwork through hands-on building. The club offers challenges, collaborative projects and themed competitions, helping pupils develop imagination and problem-solving skills. From skyscrapers and robots to fantastical worlds, children build with confidence and creativity. Lego inspires innovation, collaboration and endless fun.

# Prep & Upper Prep

## Art Club (Year 3 - 8)

Art club is open to all those keen artists who love being creative. Maybe they would like more time to complete their class work or to start a personal project. We may also have group projects on the go or a themed creative activity. It's a relaxed, inspiring space where pupils can experiment, build confidence and enjoy making art together.

## Art Scholarship

Art scholarship is invite only for children with a real interest in art and who wish to explore developing their own portfolio. This experience would be ideal for those aspiring to consider a senior school art scholarship application. It provides focused guidance, mentorship, and opportunities to refine skills while building a strong, personal body of work.

## Bridewell Choir (Year 5 - 8)

The auditioned Bridewell Choir gives singers the chance to perform in a formal, musically rich environment. Auditions ensure strong vocal skill and commitment, with rehearsals focused on technique, ensemble performance, and interpreting traditional repertoire. Members refine their musicianship through dedicated practice, performing hymns, anthems, and sacred works that enrich worship services and special events.

## Chess (Year 3 - 8)

Chess is an exciting opportunity for young minds to delve into this strategic world. The club provides a supportive environment for children to learn and improve their chess skills. They develop critical thinking, problem-solving, and decision-making abilities. Whether beginners or experienced players, all are welcome to join and explore the fascinating world of chess in a fun and stimulating setting.

# Continued...

## **Cricket Club (Year 3 - 8)**

Cricket Club provides a dynamic platform for children to hone their skills in both hard and soft ball batting, bowling, and fielding. Building upon the foundational skills introduced during their games lessons, children are afforded ample time and space to refine and elevate their expertise in specific shot selection, bowling techniques, and positive fielding strategies. Children enjoy a comprehensive and enjoyable pathway to develop their cricketing prowess while embracing the spirit of teamwork and competition.

## **Crochet Club (Year 5 - 8)**

Crochet Club is suitable for both beginners and improvers. Children will learn the basic crochet stitches, develop their confidence with simple techniques, and work towards creating a small project to take home at the end of the term. It's a fun, relaxing space where creativity and patience come together, and children can enjoy making something unique.

## **DT (Year 3 - 4)**

DT Club is an exciting opportunity to explore design and technology through hands-on projects. Children will learn how to use a variety of tools safely and effectively while working with different materials, from wood and metal to textiles and plastics.

## **Football Club (Year 4 - 8)**

Football offers children a fantastic opportunity to release energy and enjoy structured gameplay on the astro. Unlike casual 'lunch-time kickabouts', this club provides a more organised experience, with small-sided games designed to enhance skills and teamwork. Each week, children will be grouped into age-appropriate teams, fostering a sense of camaraderie and healthy competition.

# Continued...

## **French Common Entrance Preparation (Year 7 - 8)**

Prepare for success with these additional French CE sessions. Designed to help children build confidence and excel, this comprehensive program ensures that all the key areas are covered.

## **Mountain Biking (Year 5 - 8)**

We will enjoy some cycling action in the school's 33 acres of woodland and into Mare Hill Common, just over the road. An off-road bike and helmet are essential. We now have bike racks should children wish to leave their bikes at school. Suitable for children who can ride a bike who now wish to learn or practise some gravel and mountain bike skills. Adventurous!

## **Nightingales Choir (Year 3 - 4)**

The Nightingales Choir offers a joyful space for children to explore music and singing. Through vocal exercises, fun songs, and group activities, members build confidence, teamwork, and listening skills. Rehearsals and performances help children develop musical ability while fostering a lifelong love of music and the arts.

## **Recorder (Year 4 - 5)**

Recorder club is a great choice for children in Year 4, with or without previous experience of playing. Easy to learn, the recorder is a super instrument to help children learn to read music, explore rhythm and pitch and practice posture and performance.

# Continued...

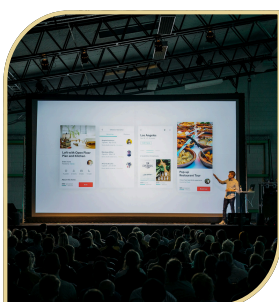

## **Science Club (Year 6 - 8)**

An exciting opportunity to explore the wonders of science through hands-on activities! Children will test their survival instincts with army-based ration tasks, investigating the chemistry of food under challenging conditions. Take on the ultimate challenge by designing and testing parachutes for precision and safety. Experiment, problem-solve, and think creatively - unleash your inner scientist!

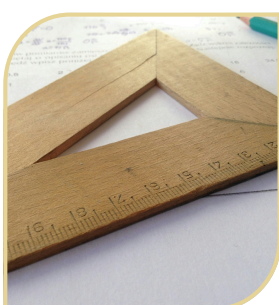

## **STEM (Year 5 - 8)**

Our STEM club is made up of design challenges where we help the children to unlock their natural skills and talents in problem solving, idea generation, lateral thinking and resourcefulness using a range of technologies.

## **Trivium (Year 4 - 8)**

Trivium returns to help students reach new heights in debate and public speaking. Using fun and engaging themes, participants explore knowledge, dialectic, and rhetoric while developing persuasive communication skills. The club encourages critical thinking, quick reasoning, and teamwork, making it a real confidence builder. Whether presenting ideas, challenging viewpoints, or refining delivery, students leave feeling more articulate, poised, and ready to express themselves with clarity and flair.

## **Mathematics Consolidation + Extension (Year 3 - 8)**

This is a mathematics extension Club for Year 7 - 8 to further help and prepare children for 13+ exam.

# Testimonials

One of the best clubs, we get to present all our own ideas and, for a treat, we get to use the Year 7 & 8 Common Room too!

YEAR 6 - PUBLIC SPEAKING CLUB

Construction club is super crafty. You can make all sorts of stuff and it makes me enjoy the afternoon and it just makes me feel so peaceful.

YEAR 2 - CONSTRUCTION CLUB

I got to Adventure Club. There are loads of hard obstacles we climb over and under. Then we get to eat marshmallows around our campfire.

YEAR 2 - ADVENTURE CLUB

Running club is such a great way to start the morning. We have lots of different runs and it can get pretty hard, but in a good way!

YEAR 6 - RUNNING CLUB
